### NATIONAL ENFORCEMENT COMMISSION

## ANTHONY GETS INDORSEMENT OF DEMOCRATS

Action Ends Probability of  
County Election Board  
Reorganization

### COMMITTEE MEETS

Faction Backing E. A. Schultz  
for Post Loses Out in  
Vote

I supported a reorganization of  
Marion's city election board  
as a particularly clamorous Saturday  
afternoon the Democratic county execu-  
tive committee forced Arthur  
to resign from his board.

Arthur was advised by the  
executive committee at a meeting in  
the school gym room in the eve-  
ning.

Although the meeting Saturday  
was quiet a previous meeting of the  
committee to pick a name for the  
post a storm. A faction in the  
committee was working for the  
name of E. A. Schulz, 438  
South Main St., former city service  
director for the board post. The  
other in favor was defined at the  
meeting as Mr. Schmid.

Brown To Name Members

Appointments to the board of elec-  
tion will be made in May by secre-  
tary of State Clarence Brown  
in consultation of the executive  
committees of the two major parties  
followed by the state official in  
making the appointments.

Charles Butler, the other Demo-  
cratic member of the board will not  
be up for reappointment at least

The Republican executive commit-  
tee has endorsed E. B. Blaser  
of Columbus as one of the two  
members of that party on the board.  
The other Republican member is  
E. H. East of Prospect. Blaser will  
replace J. D. Brady who has served  
two terms on the board.

As a result of the action of the  
Democratic committee A. W. Kelt  
will probably remain secretary of the  
election board. Kelt has held this  
position for seven years.

Although Mrs. Wibley insisted  
she was here only to attend the open-  
ing of the bars area's management  
the penalty under the new Jones  
enforcement law—today hung over the  
night club proprietors were  
shocked.

And the bar of the bartender  
asks you your name don't say Jones,  
as Smith.

Since the Jones law went into effect  
a week ago more than 500 speakeasies  
have voluntarily padlocked them

They are usually waving the white  
flag in token of surrender—the  
years in prison is too long to wait  
drunks the owner declare.

And here are other things to make  
the owners no blonde

## CONVENTION HONORS ARE WON FOR MARION

Local Guild Members Receive  
Awards in Meeting at  
Columbus

Marion came through with honors  
at the convention of the World Wide  
Guild of Baptist churches at Colum-  
bus Friday, Saturday and Sunday  
winning three first awards and one  
honorable mention.

Thirty-five girls from Prospect and  
Marion attended the convention at  
which about 600 girls from all over  
the state represented the Ohio guilds.  
Mrs. Lauren Hatch and Marjorie  
and Marie L. of the Fife Memorial  
church were also in the Marion  
delegation at Columbus.

Mrs. Edith Kruger received the first  
award on the best theme presented  
and also received the award for the  
best poster entered in the reading con-  
test. Monica the Praying Mother  
a new member up of Miss Anna junior  
guild girls Cerelia Yazel, Monica  
Laura Wood, Agnes June Dorothy  
Gill, a maid and Mildred Laurn  
Lorraine Helen Mount, Harriett  
Lorraine Mrs. T. E. Drake and Mrs.  
M. M. Bodenhamer, companions of  
Agnes June won the program  
award.

The state guild song composed by  
Miss Melvina Summers received hon-  
orable mention in this contest. Tri-  
Beta Sorority Chapter 1934 was  
awarded a certificate for having a  
super standard chapter.

Mrs. Elizabeth Her missionary to  
Asia gave talks at the sessions  
in the First Baptist church on  
Mrs. Broad and Miss Alma Noble  
secretary from New York  
City and Mrs. L. C. Bink of Cin-  
cinnati state secreta were present  
for the meetings and banquet, to be  
held at the Hotel Moore.

The key verse of the contention  
was Neglect Nor the Gift That Is  
To All the Morts Our Best

## LEADS IN RADIOS

United States Fans Possess Half of  
World's 20,000,000 Radio Sets

WASHINGTON, March 11—Half  
of the world's 20,000,000 radio sets  
are in United States the commerce  
department announced today follow-  
ing an international survey.

Great Britain and Germany have  
2,500,000 sets. France 1,250,000,  
Japan 500,000 and Argentina 500,000.  
Broadcasting stations are operated  
near the Arctic circle on the equator  
and far down in the southern  
hemisphere, the most powerful being  
in Russia and Finland.

MAJOR APPURT MURLET

WASHINGTON, March 11—Col-  
Patrick J. Hurley, a Tulsa, Okla., at-  
torney, probably will be appointed  
assistant secretary of war, succeeding  
Charles B. Hobson of Iowa. It was  
learned today. Hobson has res-  
igned his resignation. Hurley was  
one of the Hoover campaign  
agents in Oklahoma.

**ILLNESS FATAL TO  
MRS. MARY DAVIS**

Aged Woman Dies at Son's Home Here; Burial at York

Mrs. Mary Jane Davis, age 89 years, passed away at 7:15 o'clock last Saturday night at the home of her son, W. S. Thompson, 915 Park Blvd., after a period of illness lasting six weeks.

She was born in Knox County, Tenn., on May 16, 1840, the daughter of James and Clara Collins Davis. She was married twice, both husbands preceding her to death. On Feb. 15, 1876, she married Solomon Thompson and in June of 1879 she was married to David Davis.

Mrs. Davis was a member of the worth M. E. church.

She is survived by two children, Mrs. Clara Green, 175 John St., and W. S. Thompson, at whom time she died and one brother, Elmer Coffey, 565 Davis St.

Funeral services will be held Tuesday afternoon at 1:30 o'clock in Mr. Thompson's home with church services at York, Tenn., at 3 o'clock. Dr. B. L. George will be in charge of the services here. The body will be taken over to York by the G. E. Curtis & Co., where burial will be made following the church services.

Oberammergau is not the only town where a Passion Play is acted by the peasants. Within very few hours of Munich or Innsbruck can be found many other villages in the Tyrol which have their own drama—usually when a Sunday is followed by a church festival day.

**AIR SERVICE TO CUT  
INDIA TRIP 9 DAYS**

Longest Organized Flying Route in World To Open on March 30

LONDON, March 11.—The longest organized flying route in the world will come in operation on Saturday, March 30, when an airplane will leave Croydon Aerodrome near London, on the first leg of what is intended to be a regular flying service to Karachi, India, 5,000 miles distant.

According to provisional time-tables made available by Imperial Airways, the Government-subsidized British air company, the journey will be made in 2 days 4 1/2 hours, as compared with about 15 days by existing routes. The total time spent in the air will be fifty-two hours.

Weekly Trips

The new service will be operated twice a week in each direction at first. It will be possible for business men in London to send a letter to India and obtain a reply in about the same time now necessary for a letter to cover the journey in one direction.

New airplanes and flying boats have been obtained and pilots engaged. Harbors for air boats and landing planes have been chosen. Wireless stations have been installed.

After leaving Croydon, stops will be made at Paris, Isle, Genoa, Rome, Sicily, Naxarino, Thessaloniki, Alexandria, Palestine, Syria, Baghdad, Basra, Puket, Linger, Inst. Gavala, and possibly another place in Baluchistan.

The night stage between Dale and Genoa will be made by railroad in a sleeping-car train. Between Genoa and Alexandria large metal air boats will be employed. The other stages will be flown in big tri-motored land planes.

It is expected the passenger fare will be \$600. The first class fare by boat averages between \$571 and \$475, according to the type of cabin, the second class between \$285 and \$265. Letters will probably be carried at an "air express" surcharge of about 25 cents a letter.

Time Table Drafted

Arrangements are now in hand to continue the service through India from Karachi to Calcutta and thence via Singapore to Australia. An African air line to and from Capetown will connect with the main route at Cairo.

A time table has already been drafted which shows it would be possible for urgent mails to be airborne from London to Australia in not more than 7 days 11 hours by a relay system.

Such a service, it is expected, will be brought into being within a few years.

## HEART ATTACK CAUSES DEATH

HERE'S MORE ABOUT  
TODAY  
STARTS ON PAGE 1

Ernest Golden, 45, Dies  
at Mt Victory

Home

Golden, 45, wife of Mr. Golden died yesterday afternoon at his home, which had no hours. He was born Sept. 10, 1884, in the village of Hartlepool, England, to Mr. George and Mrs. Smith, who have two sons, Mr. and Mrs. Martin. Mr. and Mrs. Charles Adams, Mr. and Mrs. Glen C. McGolden were members of the church services will be held at 1 p.m. on Saturday afternoon at the Marion Methodist Church.

## ORDER RECEIVED IN NEW AIR MAIL

Letter to Marion Factory  
Comes Over Route Started

by Lindy

The Steel Body Co. today received a wire for a steel drum from the Los Angeles Auto Club, which had been turned into an old metal drum by the Ford dealer in Mexia. The interesting part of the order is that it was sent from Mexia to Marion, via Mexico United States route, which is recently in the hands of Colonel Charles F. Tamm.

A wire was sent on March 7, stating that the regulation in effect is not affecting the air mail to the same great extent. This is just exactly four days after we reached this city from Mexico.

The company said the

box is filled today and will be

on the morning

COLUMBUS "MYSTERY"

WOMAN IS IDENTIFIED

LUMINUS, March 11.—A well known woman who Saturday night fled into the Elm House to tell after recovering from a fall that she could not remember where she was told when Dr. D. R. Jackson, of City Hospital, was believed to have suffered a temporary loss of memory because of the death of her son recently in Cincinnati. In case of the expensive clothing in which she was wearing her case received considerable attention here.

**A THREE DAYS' COUGH IS YOUR DANGER SIGNAL**

Coughs from colds may lead to serious trouble. You can stop them now with Creomulsion, an emulsified cough that is pleasant to take. Creomulsion is a medical discovery with two fold action; it soothes and heals the inflamed membranes and inhibits germ growth. All known drugs creosote is recommended by high medical authorities as one of the greatest healing agencies for coughs from colds and bronchial irritations. Creomulsion contains, in addition to creosote, other healing

## "WILLED" GIRLS AWAIT COURT VERDICT

Oliver Malsch with his children Doris (left) and Shirley, for whose custody he is battling in Chicago court. The girls were recently willed to their mother on her deathbed to their maternal grandmother, Mrs. Bridie Mitchell. The Malsches had been divorced five years.

### VISITS HUFFMAN

Local Man Reports to C. T. Office Condition Improved

11 Hu 11—W. H. DeLaveaux, secretary of the local Council of the International Brotherhood of Teamsters, was in Tiffin yesterday visiting W. M. Huffman, a former resident of Marion now and a returnee of the United Commercial Workers, who is based in Akron's hospital there in an iron condition as a result of a heart attack. Mr. Huffman's condition is reported as improving, though he is still confined to his home after medical attention had been given by a local physician.

**MAN STABBED**

HOLLYWOOD, Cal., Mar. 11.—William Mahoney is said to be son of Louise Inspector Patrick Mahoney of New York was mysteriously stabbed early today in the apartment of Leon Cosmo, former Ziegfeld ladies beauty emulating an all night drinking party according to a police report. While young Mahoney was seriously injured he is not expected to die. No arrests have been made.

### WORKMAN HURT

John Staley injured when steel bars drop on feet

John Staley, 39, of 108 South Jefferson, sustained two broken bones in his left foot yesterday afternoon about 9 o'clock while working at the Huber Manufacturing Co. plant. His right foot was also badly crushed but no bones were broken.

He was carrying one ton of 500 sections of steel and stepped in a rut, dropping the steel pieces on the steps at both feet. He was removed to his home after medical attention had been given by a local physician.

### 12 DIE IN FIRE

American Sailor Victim When Hong Kong Hotel Is Destroyed

LONDON, March 11.—A terrible hotel fire in Hong Kong caused the death of 12 persons, including at least one American sailor according to dispatches received from that city today.

The fire completely gutted the Kai Edward Hotel and then spread to the nearby Savoy hotel, causing serious damage there also.

Hundreds were driven to the streets. Many persons suffered serious burns and other injuries.

The American sailor victim is believed to have been Seaman Kish attached to the U.S. Cruiser Memphis. Several other American seamen are believed to have escaped.

The other dead included British and French residents of the hotel.

### PROGRAM ARRANGED FOR CLASS MEETING

A talk by Mrs. Irvin Siffrin on her trip to Japan will be a feature of the monthly business and social meeting of the first class of Trinity Episcopal church, Tuesday night in the church parlor. Mr. L. R. Hale, pastor, will speak on the subject, will present several slides and Mrs. Francis Meyer, a pianist, will play. A special invitation has been issued to the new members of the class.

W. L. Ladd's side in the membership and attendance contest in the ship and Applequist's group had a score of 185 points to 175 points.

### ELsie FACES OPERATION

PARIS, March 11.—Elsie James, noted American actress who is soon to visit all the Hotel Crillon, faces an appendectomy operation. Her physician said today she is too weak to undergo the operation at this time but will undergo it when she gets stronger.

### GOLFERS OUT

BOSTON, March 11.—F. E. Gurnett, one of the country's leading golfers, will be out of the game for the biggest part of the coming season if it became known today. Gurnett, who underwent a major abdominal operation was reported as being in a serious condition by his physician, Dr. William Buckler.

### WORKER NEAR DEATH

DAYTON, Mar. 11.—G. B. Daugherty, Akron employee in a furniture store, is near death in a hospital today as the result of being struck by the auto. Louis Fries, here yesterday, is to be held by police for questioning. The man admits ownership of the car but said he was not driving at the time he was arrested.

### POLLARD NOT GUilty

CANTON, March 11.—George J. M. Pollard, accused of killing Mrs. Helen Lambardi by stabbing her with a razor when she supposedly joined him on the day they were to have been married, pleaded guilty to a first degree murder indictment when he was arraigned today.

### MINES TO STAY

WASHINGTON, March 11.—Brig. Gen. Frank F. Hines will remain as director of the U.S. veterans bureau under the new administration, it was learned today.

John Addington Symonds, the translator of Celibit, an illustration of the sun and frost of winter days, saw that at lunch at Davos in Switzerland one day, he lit his cigar by the sun's rays through a magnifying glass and while doing so cast a shadow on a glass of water on the table at his elbow, which began to freeze.

Italian scientists have found in Altagave the ruins of an ancient city mentioned by Vergil, the existence of which was believed to be only legendary.

## REBELS ARE FORCED BACK BY FEDERALS

Reported To Have Evacuated Important City of Torreon on Border

Continued from Page One  
One of 3,000 rebels is reported to have been killed in the battle. It is not known how many rebels were killed in the battle.

It is believed that General Cesar Augusto, leader of the state of Jalisco, has moved his capital to Matamoros on the west coast, which is still in federal hands. It is believed he will attempt to re-establish himself in Mexico City.

### Rebel Troops Move Eastward Today

NORIAS, SONORA, MEXICO, Mar. 11—Rebel troops, under Gen. Francisco Villa, are moving eastward from Torreon to Cuernavaca, a town in the state of Chihuahua.

The rebels are reported to have

been heading north in Nezahualcoyotl, the southern portion of Lower California, and the revolutionaries are moving south in the direction of Agua Prieta, another town in Lower California, and are expected to cross the border into the state of Chihuahua.

General Villa is reported to have

been heading north in Nezahualcoyotl, the southern portion of Lower California, and the revolutionaries are moving south in the direction of Agua Prieta, another town in Lower California, and are expected to cross the border into the state of Chihuahua.

## THE MARION STAR

THE HARDING PUBLISHING CO.,  
Owner and publisher of the Marion Star and  
Morning Tribune consolidated, February 11, 1923,  
under the name of the Marion Star.

Founded 1875. Re-established 1884.

Entered at the Postoffice in Marion, Ohio, as  
second-class matter.ISSUED EVERY AFTERNOON, EXCEPT  
SUNDAY.

Marion Star Building, 123-143 N. State St.

Single Copy 1 cent  
Subscribers 15 cents  
By mail in Marion, adjoining counties, year \$1.00  
Beyond Marion and surrounding counties \$1.50Persons desiring the DAILY STAR delivered to  
their homes can secure it by postal card request  
or by ordering through telephone 2334. Prompt  
complaint of irregular service is requested.STAR TELEPHONE  
Call 2334 and ask the star switchboard operator  
for the department you want.

MONDAY ----- MARCH 11, 1929

Star subscribers will greatly facilitate  
good delivery service by mailing all your  
mail to the business office, not to  
carriers. Phone 2334.

Daily Proverb—"It becomes not a law-  
maker to be a law-breaker."

A Nashville, Tennessee, cooking school has  
sent a wedding cake to Colonel Lindbergh's  
bride, Miss Anne Spencer Morrow. While  
fearing the worst, let us hope for the best.

The 1,900-foot, 60,000-ton White Star  
liner in course of construction at Belfast is  
to be electrically driven and have 100,000  
horsepower. And at one time the Great  
Eastern was considered the eighth wonder  
of the world.

Four sets of claimants have begun a fight  
for the \$200,000 joint estate left by two  
brothers known out in Illinois as the Park  
Hedgehorns. One guess to tell what will  
be left of the estate after the lawyers get  
through with it.

If a thorough shaking-up were the proper  
medicine for what was ailing them, there can  
be little question but what Lord Biting has  
greatly improved London's police forces.  
They are said to be having trouble recogniz-  
ing themselves.

A thief picked up a pocketbook momen-  
tarily left by a Washington woman upon the  
seat of a taxi, found \$72 thereto, took \$36,  
placed \$36 back, and tossed the pocketbook  
back upon the seat. We assume the thief  
will be considered only half bad.

The planes built in the United States for  
civil use in 1928 exceeded by 110 per cent  
the output for the same purpose in 1927, the  
3,751 commercial craft constructed last year  
being valued at \$27,000,000. Not so bad for  
a country which has so lately awakened to  
the commercial possibilities of air trans-  
portation.

The collegiate thrill murderers down in  
Decatur, Georgia, now face indictments also  
for robbing a drugstore, but if they got what  
is coming to them on the murder charge,  
there will be no occasion for them to worry  
over the charge of robbery.

At present 4,000 employees of the govern-  
ment bureau of engraving and printing are  
working full time turning out the new small-  
size bills in the denominations of one, two,  
five, ten and twenty dollars that they may be  
ready for circulation by July 1. The \$50,  
\$100, \$500, \$1,000 and \$10,000 bills are to  
be turned out later, hence there is no hope  
for local collectors to be able to fit out the  
entire series much before the end of the  
year.

## Need of Criminal Law Revision.

Speaking to 1,500 undergraduate students  
of the University of Illinois, recently, on "The  
Crime Problem and the Kennedy," Judge  
Frank Comerford, of the Cook county crimi-  
nal court advocated that judges be legally  
permitted to take part in the questioning of  
witnesses, a right which some would have  
denied to the courts at present possessing it.

It is only fair to say in this connection,  
however, that those challenging the right are  
those who invariably are in greater sympathy  
with crime and criminals than with justice  
and law-abiding citizens.

Calling attention to the inaugural address  
of President Hoover as it related to the crime  
situation, Judge Comerford insisted that it  
was the duty of the country and the several  
states to answer the presidential appeal, and  
urged that states should restore to courts  
"the power to make trials in the criminal  
courts a search for truth with the speedy and  
certain punishment of the guilty and the  
equally speedy and certain vindication of the  
innocent."

"Under the prevailing laws, jury trials in  
the criminal courts have degenerated into a  
waste game between the lawyers, in which  
justice, the essential purpose of the courts,  
is almost entirely lost sight of.

Jury trial under the laws of Illinois  
patronizes crime and punishes with criminals.  
The judge of the criminal court is sworn to  
follow the law and the law thwarts the judge  
and stops him in his honest effort to see that  
justice is done."

The judge went on to advocate that judges  
be allowed to take part in jury examination  
instead of having to sit by "while causing  
confusion, chicanery, perjury and prejudice  
are used to befuddle and betray the honest  
juror into verdicts that acquit the guilty."  
He also suggested remedies for instructing  
jurors, as well as an amendment permitting  
comment to be made when a defendant fails  
to take the witness stand.

It's the same story we hear from every  
reputable quarter: from bar associations,  
from upright judges, from honorable lawyers;  
from the Roman empire, which has been loaned  
to the British museum since 1810 and is the  
model after which Wedgwood is designed;  
Now is the time for those with half a million  
or some such amount, with a burning  
desire to acquire a body broken, but finely  
cemented, class literary arm to get busy.

## Safeguarding Life in Submarines.

It is very probable that there would have  
been but little, if any, loss aboard either  
the S-31, which was run down off Block  
Island in 1915 with a loss of thirty-three  
lives, or the S-1, which was sunk in the same  
way off Province Town in 1927 with a loss of  
forty lives, had those submarines been  
equipped with the devices which have since  
been perfected to safeguard against such  
hazards.

We have previously spoken of the pad-  
eye device—rings attached to the hull of  
a submarine to which pontoons may be  
attached to raise it—and the lung device—a  
device similar to a gas mask which supplies  
oxygen to the wearer to enable him to breathe  
while rising from a sunken submarine to the  
surface. At that time the value of pad-eyes  
may have been overestimated and an under-  
estimate placed on the lung device, which  
had not then been used to a greater depth  
than 110 feet and only once to that depth.

Since that writing, naval officers very gen-  
erally have come to the view that so much  
time would be required to convey pontoons  
to the scene of an accident, to attach them  
to a sunken vessel and pump them full of air  
to give them the necessary lifting power, that  
their value for saving life in foul weather  
would be questionable and utterly negligible  
in rough weather. However, while the pad-  
eyes have depreciated in esteem during the  
passing weeks there has been a marked ap-  
preciation in the lungs. In which the oxygen  
lung device is held, due to the more recent  
tests given it. Last week, off Key West,  
Florida, Lieutenant C. U. Monnier and Chief  
Torpedoman Edward Kallnowski, who had  
made three previous escapes from the recon-  
ditioned S-1 at forty, seventy-six and 110  
feet, left that underwater craft when it rested  
upon the ocean bed at a depth of 200 feet  
and came to the surface without the slightest  
apparent physical injury or even discomfort.  
It may be said that their feat marked the  
first time that a human being had ever been  
submerged to that depth outside a vessel or  
aircraft diving suit and lived.

And to make the week doubly notable,  
with this last mentioned test being made  
in the Atlantic, another experiment of major  
importance was being made in Pacific waters  
by our navy, the S-23 being first ventilated  
and later raised from a depth of fifty feet to  
the surface. While the inauguration cere-  
monies were in progress in Washington, the  
S-23, attended by the submarine salvage  
tugboat, Ortolan, was intentionally sunk to  
the depth stated off Puntarenas, Costa  
Rica, and made to submerge in every respect  
a submarine actually lying disabled at the  
bottom of the sea, no effort being made by  
the officers and crew to aid, from within, the  
work of rescue.

First divers descended to the undersun  
vessel and attached a hose to one of the  
valves with which the vessel had been  
equipped, and the hose attached, a stream  
of cool, fresh air was soon coming into the  
forward battery room and the air of that  
compartment was reconditioned. Then the  
Ortolan signalled that she was about to blow  
the water out of the balanced tanks of the  
S-23 and raise her to the surface. To make  
long story short, the air was applied, the  
water forced out, and soon the S-23 was floating  
on an even keel at the surface of the sea.  
It is a pity to think the physical body should  
grow less perfect as the direct result of civilized  
nations. But it has, certainly in some respects,  
that is particularly true of the feet.

Men and women who are fussy to the last  
degree about their clothing, will take any shape in  
shoes without question. They employ the best  
of tailors and dress-makers, but except whatever  
is offered in foot wear. Of course I am dis-  
cussing fit and not material.

During the World war there were many things  
one can credit for "winning the war." I am sure  
no one can question that the physical condition of  
the soldiers was the chief factor. What was done  
to relieve them of foot ailments was no small part  
of this program.

Policemen and barbers, clerks in stores, farmers  
and laborers, housewives—everybody having occa-  
sion to stand on the feet hours at a time, can testify  
to the evil effects of foot defects. Tend-  
foot, sore corns, aching joints, calloused soles—all  
these are bad enough. Then when these suffering  
feet are thrust into tight or ill-shaped shoes, there  
is increase of misery.

Don't neglect your poor suffering feet. Give a  
little thought to your shoes. Have them properly  
fitted.

Not about those corns. Do you know that there  
are well-equipped colleges where men and women  
are carefully trained in foot-care? As applied  
to day this profession has become really scien-  
tific.

It is possible to get rid of the ingrowing nails,  
thick corns, callouses and the other effects of  
wearing wrong foot gear. Don't fail to give your-  
self the benefit and comfort of such treatment.

May I remind you that it is not alone the  
shoes that must be borne in mind? Short stock-  
ings are capable of doubling up the toes and caus-  
ing trouble.

Many persons pay dollars and dollars to have  
their finger nail manicures and never think of  
caring for their toes. Just because the fingers  
show no cause for limiting your care to them,  
you make a wreck of yourself by permitting  
feet to spoil your happiness.

Nerves are put on edge and health undermined  
by steady pain, no matter where it is located.  
Take care of your feet.

## ANSWER TO HEALTH QUERIES.

M. A. N. Q.—How can I gain in weight?

A.—Proper dieting and deep breathing is the  
secret. You should eat nourishing foods and have  
plenty of sleep and rest.

S. V. S. Q.—Is there any way a girl of fifteen  
years can grow taller?

A.—As you will continue to grow until you are  
twenty years of age, you have no immediate  
cause for alarm.

B. E. B. Q.—What do you advise for high  
blood pressure?

A.—As a rule red meats, eggs and excessive salt  
are prohibited in the case of high blood pressure.  
It is important to keep the bowels and kidneys  
active. Your doctor will outline a diet and any  
further treatment you may require.

H. H. Q.—What causes a pain in the side of  
the head?

A.—This may be due to neuritis. Have your  
teeth, tonsils, tonsile and nasal sinuses examined  
for the possible points of infection.

M. S. W. Q.—What will remove wrinkles from  
the neck and from under the eyes?

A.—Massage with a good cold cream.

SAM S. Q.—How can I overcome round  
shoulders?

A.—Wearing a shoulder brace should help you.

H. S. Q.—My little girl aged six, complains  
of pains in the legs, what causes this?

A.—Have her examined to locate the cause of  
the trouble.

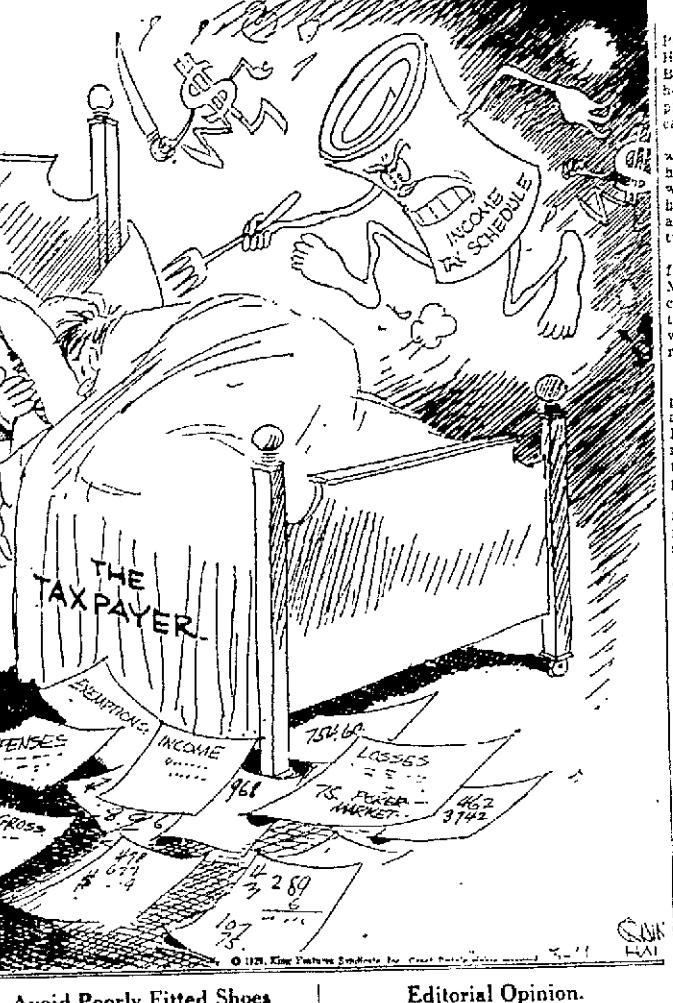

MRS. L. M. C. Q.—What is the cause of neu-  
ralgia of the head?

A.—Some infection is probably causing your  
trouble. Have your teeth, tonsils, nasal  
sinuses, ears and eyes examined in order to determine  
the exact cause.

Dr. Copeland will answer for readers of this  
paper questions on medical, hygienic and sanitary  
subjects that are of general interest. Where  
the subject of a letter is such that it can not be  
published in this column, Dr. Copeland will, when  
the question is a proper one, write personally  
to a self-addressed, stamped envelope enclosed  
in the letter.

One of the world's most famous antiques,  
the really beautiful and artistic Portland vase,  
supposed to date back to the first century of  
the Roman empire, which has been loaned  
to the British museum since 1810 and is the  
model after which Wedgwood is designed,  
is to be sold by the Duchess of Portland.  
Now is the time for those with half a mil-  
lion, or some such amount, with a burning  
desire to acquire a body broken, but finely  
cemented, class literary arm to get busy.

## THE ANNUAL NIGHTMARE.

## Avoid Poorly Fitted Shoes

BY ROYAL S. COPELAND, M. D.

To teeth and tonsil go the palm for carrying  
misery to civilized man. Corns, bunions and de-  
cayed teeth have ruined the happiness and im-  
paired the usefulness of millions.Primitive man had strong, clean and enduring  
teeth. Though food demanded and received thor-  
ough chewing. Dental decay was rare indeed.Primitive man wore no shoes. His feet were  
permitted to go where nature intended. A line  
drawn through the length of the big toe and  
projected backward, ended in the middle of the  
heel.It is a pity to think the physical body should  
grow less perfect as the direct result of civilized  
nations. But it has, certainly in some respects,  
that is particularly true of the feet.Men and women who are fussy to the last  
degree about their clothing, will take any shape in  
shoes without question. They employ the best  
of tailors and dress-makers, but except whatever  
is offered in foot wear. Of course I am dis-  
cussing fit and not material.During the World war there were many things  
one can credit for "winning the war." I am sure  
no one can question that the physical condition of  
the soldiers was the chief factor. What was done  
to relieve them of foot ailments was no small part  
of this program.Police officers and barbers, clerks in stores, farmers  
and laborers, housewives—everybody having occa-  
sion to stand on the feet hours at a time, can testify  
to the evil effects of foot defects. They are  
known as "maggie words with healing properties like some  
celebrated herbs." The masses have long memories  
and those who benefited from the bounty be distributed  
to them only as the reliever of world distresses. This popular gratitude on the part of  
Europeans is an asset.And so it is the respect for his views engendered  
in the minds of European politicians by the knowledge  
that Mr. Hoover knows them and their ways.The political leaders of our debtor nations do not  
think of him in terms of legs of flour and bottles  
of milk. They consider that he is a member of  
the debt funding commission which insisted upon  
those who borrowed money from us at least making  
an honest effort to repay what they could. This  
explains why, when the campaign was on last fall,  
the government in Europe was "boosting" him  
for his opponent, as most likely to be subservient  
to demands for more lenient treatment. They had  
nothing in Mr. Hoover's record to show that he is  
likely to permit this country to be stampeded into  
a war with Germany.And so it is the respect for his views engendered  
in the minds of European politicians by the knowledge  
that Mr. Hoover knows them and their ways.A third attitude is revealed by those interests  
in Europe that know him best as secretary of com-  
merce and an apostle of American trade expansion.These interests viewed with concernous surprise the  
vigorous steps he took to protect American indus-  
tries from foreign monopolies in raw materials.Still more recently they have been disturbed by  
his visit to Central and South America, which they  
interpreted as a mission of good will, with trade  
just around the corner. The announcement that  
Great Britain is about to launch a drive to encircle  
the League of Nations or other foreign entangle-  
ment, they know Mr. Hoover as a statesman.

They know Mr. Hoover as a statesman.

It is the ultra hotels the elevator operators  
change to evening costumes at 6 o'clock. At  
the Ritz they wear braided tail coats, with  
knee length silk pantaloons, black silk long  
stockings and silver buckled pumps and ride  
with them and chew gum is a perfect  
circus.In the ultra hotels the elevator operators  
change to evening costumes at 6 o'clock. At  
the Ritz they wear braided tail coats, with  
knee length silk pantaloons, black silk long  
stockings and silver buckled pumps and ride  
with them and chew gum is a perfect  
circus.A newspaper columnist friend—you hate to  
mix up with all sorts in this kind of work—  
just asked me what had become of those  
middle-aged elevator operators who wore  
derby hats, puffed a pipe on duty and also  
had a high stool upon which to rest when  
duties were not rushing.From a bank's essay on thrift: "Saving re-  
quires intelligence. The penny wise and  
pound foolish are like those whose idea of  
thrift is in saving old strings, rubber bands,  
orks and other chips. They get nowhere."Certainly no comfort there for a paper bag  
putter away.—Copyright, 1929, by the Mc-  
Naught Syndicate, Inc.

Twenty Years Ago.

It was Thursday, March 11.

The Star told of the sale of the Evans

block on east Center street, the day before

## BENJ. BERGMAN, 82, DIES NEAR DE CLIFF

After 10 Years  
Funeral To Be  
Tuesday

Robert age 52 died  
yesterday at the home  
of Mrs. George Davis  
at De Cliff. Mr. Berg  
died at the last 20  
years in Marion County.

He was born in Marion County  
Jan. 8, 1847, the son of  
Mary Hester Peg  
& Mrs. Mary Jane  
1872. She preceded  
him in death. For months  
he was a member of the  
Methodist Church.

He had two daughters  
living at whose home  
Mrs. William Kinney  
lives one sister, Mrs.  
Tolson.

The funeral will be held Tues-  
day at 2 o'clock in the  
Methodist Church with the Rev.  
E. L. York Conner officiating.

A small  
secretary desk in a single  
case in which a radio  
can be inserted  
will be included in the  
funeral service.

## "GOD'S CALL" TOPIC OF REVIVAL SERMON

Choice of "Afterward" Up to  
Man, Dr. Butler Tells Audi-  
ence

Remember there is an afterward  
and you may have what it shall  
be. Oberholser told your after-  
ward may be a little while, wired  
Dr. F. W. Puter, president of the  
Cleveland Biblical Institute, in his  
annual sermon Sunday night before a  
packed audience in Calvary. In in-  
spired choir he told Oberholser his  
sermon on the topic "God's Call."

From the beginning God was pre-  
paring for the great commission  
to salvation. God has been seen for  
and been interested in the affairs of  
men always. God created man on a  
high spiritual level made him holy  
and put him on probation is a morally  
free agent. God knew when he  
created man a mortal being that for  
man to be mortal he must be free and  
if he was free there was a possibility  
of his failure so God planned man's  
redemption by the sacrifice of His be-  
loved Son to atone for our sins. Dr.  
Butler said.

"Temptation always appeals to ap-  
petite and ambition. If Adam had  
been true in the test of temptation he  
would have had a permanent state  
of character. The infinitely wise and  
good God never took the risk of  
launching an enterprise of a new or-  
der of moral being without the plan  
and provision that if man fell in his  
natural probation he could be restored  
through His Son, thus redemption was  
planned before the foundation of the  
world."

In spite of our sins of yesterday  
in spite of a guilty past and dark  
present our initial state of depravity  
that gives us fearful persistency and  
turning in the wrong direction we of-  
fer you in the name of Christ a new  
chance for a new life a complete  
restoration. Sir has done nothing for  
you that the power of Christ's almighty  
sacrifice can not undo."

Under a new law Calumna dairies are  
required to be equipped with apparatus  
for cooling and bottling milk and for  
washing and sterilizing utensils.

## RELEASE OF JAIL PRISONER SOUGHT

Application for Habeas Corpus  
Writ Filed for Roy  
Nusser

Hearing is set for Tuesday at 10 a.m. in Marion County Court House. The application was filed by Roy Nusser, 21, of Marion, who was arrested last Friday evening and charged with the killing of his wife, Anna, 20, and her mother, Mrs. Anna Guernert, 27, in Marion.

It is claimed that in his defense he was acting in self-defense. He was held without bail on a charge of first-degree murder. His wife and mother were found dead in their home in Marion.

It is claimed that his wife and mother were found dead in their home in Marion.

WILL PROTESTED  
The wife of Calvert L. Lee, 21, was admitted to Marion Superior Court yesterday. Her husband is charged with the killing of his wife and mother.

Lee was held without bail on a charge of first-degree murder.

Lee's attorney, John C. Campbell, filed a protest.

Campbell said he would file a writ of habeas corpus.

### HOW BABY SPECIALISTS TREAT CONSTIPATION

Constipation in babies and children is the cause of many blistery skin disorders. It is weakened skin just as it does in adults, although there is less feverish and fretful. But don't use strong medicine with them. Baby specialists advise nurses, out of their common just one preparation for constipation—tincture of aloes and other oils of babies and children. They say Fletcher's Custard. Millions of mothers have proved its merit during thirty years of use. Custard is purely vegetable, harmless and pleasant tasting. Generic Custard always leaves the Fletcher's custard. Avail mutation—Adv.

The best gifts received at the 1st annual art exhibition from which to show the intention to make others theirs.

The eclipse will be remarkable because of the unusual length of time during the sun's disc will be entirely covered.

The period of totality is about 11 minutes, which will be five minutes where as in the average eclipse it is less than two minutes.

JOLLY 10 Club at Shuman Home

Mr. and Mrs. Wm. J. Shuman honored members of the J. O. 10 Club Saturday night at their home. Men

and Mrs. St. Louis were filled for another honors given to Mrs. James Klineberger and John Stick. Mr.

and Mrs. Clifford Pickard were honored. Marvin Pickard of Toledo was a guest of the club. Refreshments were served in the hostess. The club will meet in two weeks with Mr. and Mrs. Stick of Dubuque.

Willing Announced

An announcement was made yesterday at the home of Mr. and Mrs. John Whittemore, men, Calvary in Marion, that their daughter, Miss Beatrice Whittemore, to Paul L. Neal, son of Mrs. Ethel L. Neal, 805 East Church Street, and formerly of this city. The ceremony was performed Jan. 8.

It is the third wedding of the year for the church.

WHAT WILL IT DO?

Women are saying "Pinkham's Compound keeps me fit to do my work." I was nervous and all run down. Now I eat better and sleep better. "It helped my thirteen year old daughter. "I took it before and after my baby was born." "I am gaining every day."

Lydia E. Pinkham's Vegetable Compound

**184 HOSPITALS AND INSTITUTIONS ARE USING FATHER JOHN'S MEDICINE**

Old Fashioned Medicine for Colds and Body Building Has Proved Its Value By 73 Years Success

Father John's Medicine is now being used in 184 hospitals and institutions in the United States and Canada.

During its 73 years of use in the treatment of colds, rheumatism, and other diseases Father John's Medicine has come to be a standard in a great many hospitals and clinics. It is as big a success as any medicine.

Because it is guaranteed free from alcohol or drugs in any form, doctor recommend it.

Father John's Medicine is a big success in the treatment of colds, rheumatism, and other diseases. It gives new tone and strength and gives power to resist illness.

People have known the value of Father John's Medicine for a great many years and have used it freely in their practice. Many men report it has

been the reason for its value, and given it the name of vitamin.

It is unquestioned that old timers, when given a palpable form such as Father John's Medicine, is one of the greatest body builders for those who are weak and run down.

The Marion Children's Home at Union, Marion, Indiana, have 39 children here at the children's home, and they are all healthy and strong. When they are sick or run down, I always give them Father John's Medicine. It fits them well. They all gain rapidly under the treatment the medicine affords. When ever they get cold or have a cough or throat irritation Father John's Medicine gives prompt and sure relief.

People have known the value of Father John's Medicine for a great many years and have used it freely in their practice. Many men report it has

been the reason for its value, and given it the name of vitamin.

## If I Were If I Were A Man A Girl

WOULDN'T be a  
woman driver.

I wouldn't think it smart to stamp carelessly in the seat with a hand resting on the steering wheel.

If I didn't appear to be a man I would sit with him and stand of course. I would be a good girl.

This minute we struck a piece of open road.

I wouldn't settle down to a necking party with my main attention centered on getting as much thrill as possible and only one eye doing duty on the road ahead.

I wouldn't try to show off as a driver by keeping the predominance of white. I did in getting off.

I find out next whether the girl friend felt as reckless as I did about risking her neck. I will not give her a chance to prove her by the chances I take.

There are girls who prefer a whole bunch to a couple of kisses and a thrill less ride to a broken neck.

At the same time death in the state increased from 1,732 in 1927 to 1,711 last year.

Dr. Horace Albert, commissioner of public health, declined to venture an opinion as to whether birth control was responsible for the smaller number of births other than to say that it was the tendency in America among people of the upper strata to have smaller families.

BRITISH PARSON CHIDES WIVES WHO DON'T COOK

LONDON.—Rev. James Shepherd, progressive parson of Wellington parish, has broken out again.

He called a meeting of the women of his church. This is what he told them:

It is fair for women to work to love and cherish her husband till death do us part, and then neglect to cook for him?

There are men in bed with the flu today because their wives know more about dancing than they do about dinners.

There is no canned meat where there is love at home.

Freedom for women often means starvation for men.

A faultless is a man who tries to be honest and virtuous, but can't.

He is a genuine hard case if you are immune to all the lighter varieties and not perturbed by his cardiac flutters or spring fever symptoms.

A diplomat is a man who knows how to let his wife to advise him to do what he wants to do so that he can have somebody to blame if it turns out wrong.

To most single men love looks like a dangerous quicksand which threatens to drown a man's feet then paralyzes his will and finally drags him down into matrimonial oblivion.

A faultless is a man who tries to be honest and virtuous, but can't.

He is a genuine hard case if you are immune to all the lighter varieties and not perturbed by his cardiac flutters or spring fever symptoms.

Maturity is the point at which a man stops guiding you through the traffic and begins showing you through.

Hope springs eternal in the human breast. Which is the reason for plastic surgery, beauty cream, reducing diets and most May and December matrimony.

Perhaps the modern girl is not looking for a perfect man. She seems to be satisfied to have a good enough to last until a better one turns up.

Teen-agers are more sickly than the great American public. Let us whom it merely turns away and vanishes.

Next to a stroke, puffing and panting, there is nothing so hollow and unsatisfying as time.

# The VANGUARD

By Arnold Bennett

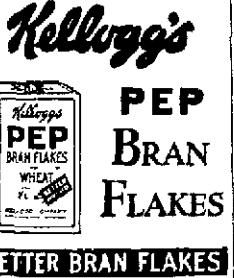

in real life. But I am to be a failure. Well and the pair of them were the ones who were getting down. I moved to the sofa and he led his bedraggled Harriet in back up stairs again and away once more. It was the poor darling. Encouraged until very tired somewhat shaken after the first time I fully turned and faced her. He had decided that it was the wise thing to send her home to be near him in Harry's hotel. And he divisioned the two people off for otherwise Madeline gave the special angel the task she was not to be with the two of us. And run away he.

You'll like them

## TWICE MUCH

ONE bowl of Kellogg's Pep Bran Flakes makes you want another. That famous flavor of PEP and crispness which Kellogg has given them aren't found in any other bran flakes.

So nourishing—you get the vitamins, the mineral salts of the wheat and just enough bran to keep you fit. Sold in the red and green package. Made by Kellogg in Battle Creek.

### Don't Fuss With Mustard Plasters

Don't fuss with mustard plasters when you can where jamb or starches with a little clear Musterole.

Musterole is made of oil of mustard and other helpful ingredients and is the place of mustard plasters. Musterole quickly gives prompt relief to all those aches and pains of stiff neck, asthma, rheumatism, lumbago, sprains, muscles, bruises, chilblain, colds of the chest (it never gets pneumonia).

At this point Madeline put up and uttered these immortal words: "I do not know if I am to be sent to my Lord Farber. She might as well have killed me." For all the responses she got, so you are the good you great man, said Harry Farber. And he is so quiet and so calm! Does living a man's tiring time and be his son's body on his furniture set? Some body's been doing something, I think. Is it you, Harry?

I dare say it, said Harry. Madeline kissed the man again. When you're quite finished with the malefice morede's not granted. Now my lord Harry resumed standing up. You're better, you know you're better. Be a man and tell me you're going to live in.

If I tell ye something else said the harry. I tell ye I am going to discuss my private affairs with anybody but my wife.

Then why did you begin to Harry reported. You started it up stains. You told us both we couldn't either of us put it across. What about discussing your private affairs—your most private affairs?

All right, said the harry. If we must have it—both of us—let's not beaten and nothing can beat me and I'll never give in. He paused and rubbed his chin. "It's all over but a laugh, of course. I'll what I've said and I'll winna give in."

The atmosphere was charged.

At this very moment in the possible Luke had the misfortune to enter the room. Strangely enough he was carrying a tray with a trumpet and other articles including three cups and saucers.

The boy turned pale.

He knew it was his mother's day.

He took the tray off his head.

Presently he began to say, "I'm sorry, I'm sorry, I'm sorry."

He was so sorry he burst into tears.

## Audience of 600 Hears Sgt. York Plead Cause of Tennessee Mountain Youth

**MEN OF SOUTHERN COUNTRY NOT IGNORANT WORLD WAR HERO**  
Says in Address Here, Asserting All They Need Is "A Chance": Discusses Experiences in Conflict Overseas

**Sgt. ALVIN C. YORK** addressed a large audience here last evening at the Hotel Marion. He discussed his experiences in the Service, as attorney for the State, as author of "Sergeant York," war publications, etc. He also talked about his work in the South.

**DOCTORS SHOW HOW TO WAKE UP WITHOUT COLD**  
Many Here End Head Cold and Chest Cold in Few Hours at Home by Hospital Method

The use of a warm bath, a hot water bottle, a warm drink, with the use of a warm compress, though old.

**RELATES WAR EXPERIENCES**  
At the request of members of the Akron Chapter of the American Legion, York spoke yesterday afternoon at the Legion hall. He related his experiences in the World War.

Ordinarily, York said, I would relate the war, York said. I want to forget it.

Going back to the days I went to war, the sergeant told of conditions in the eastern Tennessee mountains.

He told briefly of the exploit that won him fame as a hero when he captured single-handed 20 German soldiers. The sergeant's treatment of his men was successful. He then said he quickly introduced it to the men of the 110th Inf. Regt. providing they never tell it, you will cut this paper and seal it with your name at 1000. If you do, and I help pay to type, packing, etc. To the Legion, Dept. 17, 22 College St., Littleton, N.H. Send today, and you will receive it free until postage is paid.

**Pesterton Service**  
SINCE the war York has been instrumental in helping an improved highway from the coast west into the mountains. He has helped to cut and maintain 11 miles of roads and is personally visiting many of a number of who will be unable to help him.

My neighbors' children are taught to read and write, and become useful American citizens, the sergeant said. In a series of the magazine father and mother are taking advantage of the new school andustomed their children to learning to write their own names for the first time. We are God's people, the sergeant said.

**REGULARS**  
Sergeant York held the attention of his audience for more than an hour and a half. His talk was preceded by a sonnet by the American poet.

**TRY RESINOL**  
Almost everyone has tried today like its little bit of rash. Ap, it's a little Resinol Ointment and egg box quickly the soreness is relieved and the rash disappears.

To keep the skin soft and lovely nothing can excel the daily use of Resinol Ointment.
